Dear Friends,

Your donation of \$50 made on 12/31/2021 is advancing FWCC's work to help Quaker meetings and churches across all branches of Friends connect and thrive.

In these days of pandemic and polarization, it is especially important for us to be connected as never before to the world-wide family of Friends. Now more than ever, Quaker meetings and churches and their members need what FWCC brings: theological, language, and cultural interpretation skills; experimentation; inclusivity; and reconciliation.

Our nimble leap forward into virtual communications has enabled us to engage more Friends than we ever could through face-to-face interactions. Record numbers of Friends benefited from the many Zoom programs we have held over the past year, and registration for the 2021 Section Meeting more than doubled previous attendance records, including Latin American Friends whose participation was four times greater than in previous Section Meetings.

Our work going forward will focus on new forms and methods for our core mission: consultation. Programming will focus on old injustices like racism and colonialism, as well as ecological sustainability, climate resiliency, and disaster preparedness locally and internationally.

Thank you for supporting our work to enable all of us to be the Quakers the world needs.

Be safe and well. We are holding you in the Light.

In Friendship,

Thank you!

QUAKER EARTH CARE WITNESS

January 11, 2022

Plymouth Monthly Meeting
2150 Butler Pike
Plymouth Meeting, PA 19462-1858

Dear Friends,

On behalf of our Steering Committee, staff, and volunteers, **thank you** for your recent contribution of \$50. Your much-needed support allows QEW to work for environmental justice and a right relationship with the Earth.

How do we build a sustainable and life-enhancing future in these challenging times? QEW serves the Quaker community as the largest network of Friends working on Earthcare today. We connect North American Friends so they can hear each other's stories of hope and action, share inspiration and ideas, and publicly speak out about Earthcare. We continue to lift up communities of Black, Indigenous and People of Color to support a more harmonious Earth rooted in justice. We know that our future depends on spiritual transformation in our relationships with each other and the natural world.

Over the past few years, Quaker Earthcare Witness has grown — we are serving more people, collaborating with a range of organizations, and speaking out publicly to build an ecologically sustainable and just world. Thanks to your support, we are able to:

- produce quarterly issues of our timely and informative publication, *Befriending Creation*, showcasing spirit in action
- support a dynamic and easy-to-use website full of resources on eco-spirituality, environmental justice, population and advocacy/action
- sponsor speakers who offer inspiring workshops and presentations
- strengthen connections and support for the rising global youth movement
- work across the branches of Quakerism to support common concerns
- Offer mini-grants to support hands-on projects, and
- serve as allies and partners with communities most affected by climate change.

Recent disastrous weather — unprecedented drought and fires, frequent hurricanes, torrential rains — make it clear that the climate crisis is already here. As Friends, we are called to expand our sense of spirituality to include interconnections with all facets of the natural world, as we find our way forward in these times.

Please contact me at shelley@quakerearthcare.org if you have questions. This letter also serves to acknowledge that no goods or services were provided by Quaker Earthcare Witness in exchange for your gift. Thanks again for your support. Together we are making a difference in the world.

In Friendship,

Shelley Tanenbaum

Hi Plymouth Monthly Meeting,

*Thanks so much for the
support going back to
2006! Grateful for your
part in this commitment
of peacemaking.
Peace to all of you!*

Thank you for your contribution of \$75.00 on 12/31/2021. Your generosity sustains the long-term work of collective liberation!

Your contribution is like fuel for a marathon runner. It sustains commitments that often go beyond a project's short time frame.

Twenty years ago, a contribution like yours would have supported CPTers to accompany the Mi'kmaq lobster fishers in Esgenoôpetitj who fought to implement their treaty rights and defended their lobster traps from Canadian government boats. In their quest for Indigenous food sovereignty, Canadian authorities physically attacked the Mi'kmaq lobster fishers out on the water.

Today, your contribution supports **CPT's work of accompanying the Wet'suwet'en Land Defenders**. They are being legally and physically attacked by the Canadian authorities to make way for a new gas pipeline violating Canada's commitments to the United Nations Declaration Rights of Indigenous Peoples.

Your partnership makes the work of solidarity and action with Indigenous struggles possible. Thank you for being part of this community of peacemakers journeying together toward collective liberation for all.

Friends Committee on
National Legislation
A Quaker Lobby in the Public Interest

January 10, 2022

Plymouth Monthly Meeting
2150 Butler Pike
Plymouth Mtng, PA 19462-1858

Dear Friends,

Thank you to Plymouth Monthly Meeting for the generous gift of \$50.00 which we received on December 31, 2021.

The strength of the Friends Committee on National Legislation comes from its grounding and support in the Quaker community. Through discernment around legislative policy and priorities, lobbying that seeks to recognize that of God in each person, and faithful contributions, Friends both participate in and uphold FCNL's Quaker witness in Washington, DC and to our nation. Thank you for being an important part of this work for peace, justice, equity, and sustainability.

As Friends, our faith and practice call us to advance the vision of the world we seek to bring into being. We are ordinary people called to accomplish the extraordinary. This work continues with your support and engagement, and with the ever-present grounding of Spirit.

In friendship,

Jim Cason
Associate General Secretary for Strategic Advocacy
